DETAILED ACTION

Response to Amendment

1. In response to the office action from 10/30/2006, the applicant has submitted an amendment, filed 1/29/2007, canceling claims 10-13 and 15-17 and leaving only previously indicated allowable claims pending in the present application. Claims 14 and 18-19 are allowable over the prior art of record for the below given reasons.

Allowable Subject Matter

2. Claims 14 and 18-19 are allowable over the prior art of record.

3. The following is an examiner's statement of reasons for allowance:

With respect to **Claims 14 and 18**, the prior art of record fails to explicitly teach or fairly suggest a motor vehicle navigation system that displays a suggested list of locations on a display device in response to a partial user input based on a statistic selection probability criterion, wherein at least one of the following from a group consisting of: (a) number of hotels, (b) the size of hotels, (c) a number of offices, (d) a number of train stations, and (e) a number of airports within an area is utilized as a measure for the selection probability.

Although Rühl (*U.S. Patent: 6,108,631*) discloses a vehicle navigation system that displays a suggested list of locations based on a criterion, as noted in the prior Office Action

Art Unit: 2626

(Page 4), Rühl does not utilize (a) number of hotels, (b) the size of hotels, (c) a number of offices, (d) a number of train stations, and (e) a number of airports within an area as such a criterion.

Claim 19 further limits an allowable independent claim, and thus, is also allowable over the prior art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
